SPECIALIST TREATMENTS

IPL TREATMENTS

IPL is perfect for combating Rosacea which is a common skin condition with symptoms being redness on the cheeks, nose or forehead; small visible blood vessels, red bumps or pimples on the face. The laser is approved for treatment of fine dilated blood vessels on the face.

IPL HAIR REMOVAL

The treatment works by destroying the cells that produce a hair by introducing pulses of light and heat into the hair follicle. The heat is absorbed by the hair, which causes the follicle to die and prevents another hair from re-growing.
